

PS COLLECTIVE - CREATIVE

MANIFESTO

Bodies live without borders.

Let them grow. Let them glow.

Curves. Contours. Cellulite. Call it what you want.

They exist. And they're not going anywhere.

We aren't either.

PS Collective believes that women from all walks of life deserve to love their own skin and thrive in what they wear.

And what they wear is more than the brand.

More than the style or the trend.

It's art. It's attitude. It's the autonomy of your body.

But the fashion industry doesn't see all bodies.

They don't see beyond sizes 6, 4, 2, 0.

0 recognition for the disabled.

0 celebration for the curvy.

0 action against a broken sizing system.

And we won't bother fixing it. We're leaving it.

We shouldn't adjust to clothes – clothes should adjust to us.

Ditch the sizes, and dress to your comfort.

Because clothes should be **Personally Styled For You.**
